

MAJOR PROJECT UPDATE

This project is being completed as part of KUB's Century II infrastructure improvement and replacement programs.

PROJECT TITLE: Crestwood Hills Area Natural Gas Main Replacement Project (West Knox County)

UPDATE ISSUE DATE: June 10, 2022

Please see corresponding maps for work zone referenced below.

UPDATE:

Contractor crews have completed installation of natural gas pipelines, valves, and related equipment. Cleanup and restoration work is scheduled for completion this weekend, weather permitting. This project upgraded utility service in the area by replacing older steel natural gas mains and customer service lines with medium density polyethylene pipe (MDPE) and valves. Below is a summary of natural gas system upgrades in the Crestwood Hills area:

- Two-inch MDPE main installed: 24,845 linear feet
- Four-inch MDPE main installed: 1,000 linear feet
- Two-inch valves installed: 42
- Four-inch valves installed: 4
- Customer service line reconnections: 176
- New customer service line installations: 98
- Total customer service lines affected: 274

KUB appreciates your patience and understanding as work was completed to upgrade utility services in your area. *This will be the final update posted for this project.* Please contact KUB Customer Support at (865) 558-2330 if you have questions about this project.
