

Depot Avenue Area Water Transmission Line Project

Project Information Sheet

Public Meeting

- **Date:** Monday, October 30, 2017
- **Time:** 6 p.m.
- **Location:** Central United Methodist Church – Fellowship Hall
(Rear entrance – off Lamar Street or Morgan Street)
201 Third Avenue • Knoxville, TN 37917

Project Scope

- Construction of a new 36-inch transmission water main to improve reliability and operational flexibility in delivering water from KUB's treatment plant to the west side of the distribution system
- Replaces aging distribution mains with new 8-, 12-, and 16-inch pipe as part of the Century II program

Project Overview

- 8,500 feet of 36-inch water main
- 1,400 feet of 8-, 12-, and 16-inch water main
- Project cost: \$6.4 million

Project Details

- Safety of the public and workers during this project is KUB's highest priority
- Construction methods include boring and open-cut trenching
- Existing water main and services will remain active until construction and tie-ins to the new water mains are completed
- Property and pavement will be restored after construction
- Milling and paving of affected lanes

Traffic Impacts

- Construction in block-to-block sections
- Entire project area will not be impacted at one time; however, two or more locations may be constructed simultaneously
- Lane, sidewalk, and limited road closures in immediate work zones with approved traffic control measures
- Access to businesses and parking areas maintained

Project Schedule

- Construction prep work and mobilization November 2017
- Construction completion by May 2019
- Weekday work generally during daylight hours
- Some overnight work to minimize customer and traffic impacts

Project Communications

- **KUB Major Construction Projects Blog** — Includes weekly updates on utility traffic control and utility construction progress

KUB Century II Program

Century II is KUB's long-range program to improve and maintain our utility systems for our customers. It will help move KUB into our second century of service through sound planning, resource allocation, and continued or accelerated investment. Century II reflects KUB's commitment to provide reliable utility services and meet customers needs—now and in the future. Anticipating and addressing needs now provides long-term benefits. Visit www.kub.org for more details about the Century II program.
