

Downtown Century II Utilities Upgrade Project

Project Information Sheet and Map – Phase 3 Construction

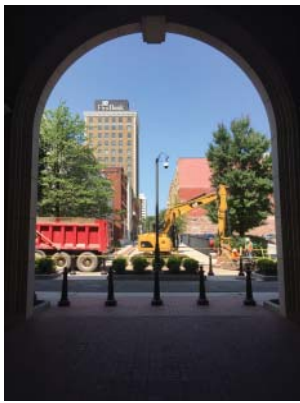

Last updated on 12-8-15

Project Areas

This project will upgrade sections of water and wastewater mains in portions of the downtown area as part of the KUB Century II program. Construction began in July 2014 and is expected to last through Spring of 2017. This project has been broken down into three phases as shown on the attached map on the reverse side.

Project Overview

- Wastewater main upgrades: 9,200 feet in Phase 3
- Water main to be installed: 6,200 feet in Phase 3

Project Details

- Safety of the public and workers during this project is KUB's highest priority
- Construction methods will include open cut trenching, lining of existing pipe, and pipe-bursting
- Project coordinates with City of Knoxville paving program to avoid future disruption
- Traffic lane and sidewalk closures will be necessary
- Every effort will be made to reopen at least one lane of traffic in construction zones on weekends and holidays as construction conditions and safety allow
- Alternate means of access to businesses, offices and parking areas will be provided
- On street parking will be restricted in some areas

- Public should avoid designated work zones and follow posted directions related to detours
- Efforts will be made to coordinate work around special events and to minimize potential conflicts
- Temporary utility service interruptions may be necessary
- 24 hour notice will be given for all planned service outages
- Temporary decreases in water pressure may occur

Project Schedule

- Phase 3 construction started in November 2015
- Weekday work hours will be limited to 6 a.m.–6 p.m.
- Some night and weekend work may be needed in order to meet project milestone dates
- **Work on Henley Street and Main Street will be completed overnight – 6 p.m.–6 a.m.**
- Expected completion of construction in all areas by Spring 2017 (weather permitting)

Project Communications

- **Sign up for the project blog! —**
 - **Send your e-mail address to blog@kub.org to receive timely updates**
 - It's the easiest way to keep informed about active work areas and traffic conditions

KUB Century II Program

Century II is KUB's long-range program to improve and maintain our utility systems for our customers. It will help move KUB into our second

century of service through sound planning, resource allocation, and continued or accelerated investment. Century II reflects KUB's commitment to provide reliable utility services and meet customers needs—now and in the future. Anticipating and addressing needs now provides long-term benefits. Visit www.kub.org for more details about the Century II program.
