

# Electric Vehicle Charger Rebate Application Checklist

---

- Purchase new qualifying Level 2 (240 volt) Electric Vehicle (EV) charger equipment. Note: this offer is not valid for the replacement of existing Level 2 EV charger equipment.
  
- Install new qualifying Level 2 EV (240 volt) charger equipment.  
Note: if you hire a contractor, we recommend hiring licensed and insured contractors.
  
- You or your contractor are responsible for obtaining any required permits. If you or your contractor are unsure of permitting requirements, consult your local codes enforcement agency.
  
- Complete the EV charger rebate application and submit the required documentation, which includes the application, the EV charger equipment receipt and/or installation invoice, and a photo of the installed EV charger. The rebate application and supporting documentation can be completed and submitted online at [www.kub.org/ev](http://www.kub.org/ev) or a copy of the application can be printed and mailed, along with all supporting documentation to:

Attn: EV Charger Rebate Program  
P.O. Box 59017  
Knoxville, TN 37950

Once the application and documentation have been reviewed and approved by KUB, the rebate will be credited to your KUB account.

Should you have questions about the EV charger rebate program, please visit [www.kub.org/ev](http://www.kub.org/ev) and look for the frequently asked questions. Or if you prefer, you can email your questions to [rebates@kub.org](mailto:rebates@kub.org).
