

Forest Heights/Kingston Pike Area Wastewater Collection System Improvement Project Mid-February 2023 – January 2024

Project Information Sheet

2/6/2023

Project Scope

- Upgrade the natural distribution system in this area
- Part of KUB's system-wide Century II utility infrastructure program to replace older steel pipe with polyethylene/plastic

Project Overview

- KUB contractor crews will rehabilitate and/or install approximately 17,500 linear feet of 8- and 10-inch wastewater pipeline in the area shown in green on the attached map
- Additionally, approximately 50 manholes will be rehabilitated
- 275 customer service laterals will be reconnected to the new collection system

Project Details

- Safety of the public and workers during this project is KUB's highest priority
- Construction methods include open-cut trenching and cured-in-place lining (CIPP) of existing pipelines
- Property and pavement will be restored after construction

Traffic Impacts

- Daily lane and/or road closures will be needed in the immediate areas where crews are working due to location of pipelines and manholes under roadways
- Contractor crews will work with property owners to maintain access to driveways
- Portions of this project will also impact area greenways and sidewalk areas
- Details regarding work in those areas will be communicated as work is scheduled

Project Schedule

- This project is scheduled to start in February 2023 and last through January 2024

Project Communications

SCAN ME

- KUB Major Projects Website – Includes weekly updates on utility traffic control and current utility construction work zones
- [Major Projects Web Link](https://www.kub.org/major-construction-projects) – To access the major projects website, scan the code to the left or type <https://www.kub.org/major-construction-projects> in your web browser
- Project hotline: (865) 558-2331 – Call after normal business hours and leave a message that will be responded to with one day (excluding weekends)
- Traffic advisories will be issued to local media and posted on social media for work affecting major thoroughfares and greenways
- Social Media: Updates posted on Nextdoor and Twitter

business day.)

KUB Century II Program

Century II is
KUB's long-
range program
to improve
and maintain

our utility systems for our customers. It will help move KUB into our second century of service through sound planning, resource allocation, and continued or accelerated investment. Century II reflects KUB's commitment to provide reliable utility services and meet customers needs—now and in the future. Anticipating and addressing needs now provides long-term benefits. Visit www.kub.org for more details about the Century II program.
