WELCOME

KUB TV, finally, TV made for you.

- You did it! You got KUB TV. This packet will show you how to get the most out of your brand-new KUB TV experience by providing tips on how to get started, browse, search, set parental controls, and more.
- Access your favorite live, recorded, and on-demand content by downloading the KUB TV app on smart TVs, Amazon Fire TV, Android TV, Apple TV, and iOS and Android smartphones and tablets.

GETTING STARTED

Quick Tips For Getting Started

Account Set Up

Once your service for KUB TV has been activated, you will receive an email to set up your new KUB TV account. Click the **Create Password** button to set your password for your account. **Your username is the email address you signed up for TV service with.**

Download the App

Easily install the app by searching for KUB TV on your smart TV, from the App Store on Apple, or Play Store on Android. Sign into the app with your username and password.

Find Something to Watch

We think you'll like how we've organized KUB TV across Guide, Shows, Movies, Search and Profile. We've consolidated all of the different ways that you can watch your favorite content (live, on demand, or recorded) so that you don't have to go to different places to find the content you want to enjoy.

USING THE GUIDE

Browse the Guide

The guide is a channel-based way to browse live and upcoming content. You can filter out content you are not subscribed to and search by topics such as movies, sports, news, kinds, and more. When you select a program, you'll see a 'quick view' which includes content descriptions and a mini player. Inside the quick view, you can set recordings as well as go to the full show or movie detail page.

Browse and Search

Quickly find shows you want to watch by searching across categories. You also have the ability to continue watching content where you left off before. The guide will also make present recommendations based off your watch history and popular content in each genre. You can also search for content by title to see results across live, on demand and upcoming.

Additional Access

Log into the web version of KUB TV at www.kubtv.org for full access to your account, make updates to your profile, change passwords, and more.

CHANNEL FEATURES

Advanced features are available on certain networks.

Start-over

If you turn on a program that has already started, you can use the Start-over feature to go back to the beginning with just one click. The Start-over feature becomes available two minutes into the program. The fast-forwarding function is disabled in Start-over.

Lookback

Watch previously aired content for up to 72 hours of programming if you missed your favorite show and forgot to record it. Simply navigate backwards in the guide to watch programs that have already aired. The fast-forwarding function is disabled in Lookback.

Out of Home

View channels while outside of your home WiFi network.
