

MAJOR PROJECT UPDATE

This project is being completed as part of KUB's Century II infrastructure improvement and replacement programs.

PROJECT TITLE: Morrell Road Area Electric System Upgrade Project
(West Knoxville)

UPDATE ISSUE DATE: April 29, 2022

Please see corresponding maps for work zones referenced below.

UPDATE: Electric system upgrades continue along Morrell Road. KUB crews will continue pulling spans of new overhead wires along the section of Morrell Road between Kingston Pike and Deane Hill Drive through next week. There will be temporary daily closures of the southbound curbside lane of traffic, sidewalk, and shoulder in this area when crews are present. One southbound lane, center turn lane, and both northbound lanes will remain open. The overall project runs along Morrell Road between Kingston Pike and Northshore Drive. Intermittent lane and shoulder closures will be implemented in the immediate area where crews are working as construction progresses along Morrell Road. The entire stretch of Morrell Road will not be affected at the same time. Updates will be posted as needed throughout the course of this project. See attached map for current work zone.

KUB crews install new overhead wires last week as part of electric system upgrades in the Morrell Road area.
