

# MAJOR PROJECT UPDATE

This project is being completed as part of KUB's Century II infrastructure improvement and replacement programs.

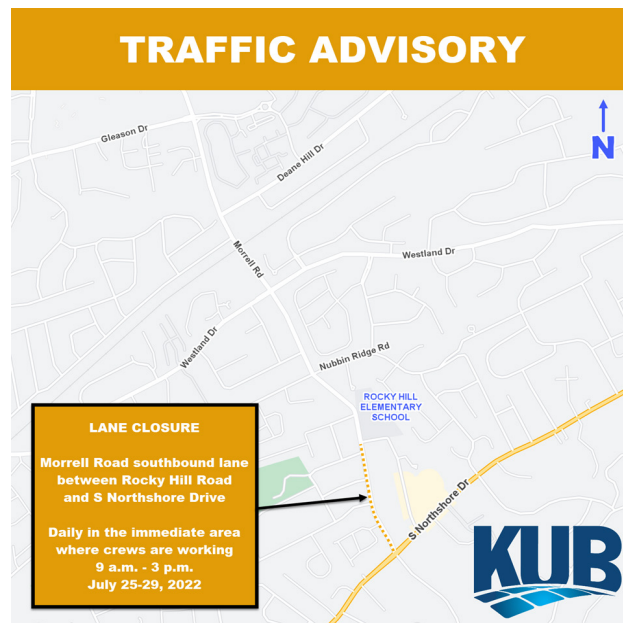

**PROJECT TITLE:** Morrell Road Area Electric System Upgrade Project  
(West Knoxville)

**UPDATE ISSUE DATE:** July 22, 2022

*Please see corresponding maps for work zones referenced below.*

**UPDATE:** KUB crews have completed installation of all of the new utility poles along the section of Morrell Road between Rocky Hill Road and S Northshore Drive. Work has been slowed on this project the past several weeks due to restoration efforts related to weather/storm damage across the KUB service area. Crews are scheduled to install overhead electric wires on Morrell Road between Rocky Hill Road and S Northshore Drive over the next several weeks. There will be temporary daily closures of the southbound lane of traffic and shoulder in the immediate area where crews are working. Flaggers will be present to alternate traffic flow in the northbound lane. The overall project runs along Morrell Road between Kingston Pike and Northshore Drive. Intermittent lane and shoulder closures will be implemented in the immediate area where crews are working as construction progresses along Morrell Road. The entire stretch of Morrell Road will not be affected at the same time. Updates will be posted as needed throughout the course of this project.
