

MAJOR PROJECT UPDATE

This project is being completed as part of KUB's Century II infrastructure improvement and replacement programs.

PROJECT TITLE: Sequoyah Hills Utility Projects Update

UPDATE ISSUE DATE: January 8, 2021

Please see corresponding maps for work zones referenced below.

UPDATE:

Sequoyah Square/Taliluna Avenue Natural Gas Main Replacement – KUB Underground Construction crews have completed natural gas pipeline installations work along the south and west sides of the Sequoyah Square complex. Service line connection work remains in this area. Pipeline installation crews will move to the north/northeast area of the complex next week.

Sequoyah Hills Phase 3 Wastewater Rehabilitation Status Update – Contractor Morgan Construction will have employees conducting pre-construction activities in the northeast section of Sequoyah Hills next week, but there will be no digging or traffic impacts associated with this work. Closed-circuit TV camera inspection of the existing wastewater pipes and manholes will take place in the coming weeks ahead of construction. See the attached project information sheet for more information. Weekly updates will be posted on the KUB website for the duration of Phase 3 of this wastewater collection system rehabilitation project.
