

# MAJOR PROJECT UPDATE

This project is being completed as part of KUB's Century II infrastructure improvement and replacement programs.

**PROJECT TITLE:** Sequoyah Hills Utility Projects

**UPDATE ISSUE DATE:** March 19, 2021

*Please see corresponding maps for work zones referenced below.*

## **UPDATE:**

KUB contractor crews will temporarily close the section of Lake View Drive from Cheowa Circle and the dead end daily, Monday, March 22 to Friday, March 26, as work is performed on wastewater collection system in the area. Local traffic access will be maintained. The roadway will reopen to normal traffic flow outside of work hours.

### **Additional Phase 3 area traffic impacts for week of March 22-26:**

- Intermittent road closures (access for local residents will be maintained)
  - Cheowa Circle Between Lake View Drive and Bluff Drive (Lake View Drive and Cheowa Circle will not be closed at the same time)
- Intermittent lane closures as needed during work hours:
  - Cherokee Boulevard Cheowa Circle and Bluff Drive (Eastbound Lane only)
- Wastewater rehabilitation in off-road easements
  - Easement between Cherokee Boulevard and the Tennessee River
  - Easement off of Glenfield Drive
  - Easement between Cherokee Boulevard and Lakeview Drive
  - Easement between Dellwood Drive and Scenic Drive
  - Easement between Kenilworth Drive and Woodland Drive
  - Easement between Talahi Drive and Iskagna Drive

**See attached map showing active work zones for the week of March 22-26.**

# MAJOR PROJECT UPDATE

This project is being completed as part of KUB's Century II infrastructure improvement and replacement programs.

**CCTV Inspections** – Contractor crews will be performing closed-circuit TV (CCTV) inspections of wastewater pipes and manholes at various locations across the entire Phase 3 area for the duration of the project. Due to the location of some manholes in the roadway, this work will require temporary lane closures with flaggers present to maintain traffic flow. Crews will also need to access manholes and pipes located in off-road easements.

**Restoration** – Crews will work in recently excavated areas across the Phase 3 zone starting next week. Work in roadways will require short term lane/road closures.
