

MAJOR PROJECT UPDATE

This project is being completed as part of KUB's Century II infrastructure improvement and replacement programs.

PROJECT TITLE: Sequoyah Hills Utility Projects

UPDATE ISSUE DATE: March 4, 2022

UPDATE:

Wastewater Collection System Rehabilitation Project - Phase 3:

KUB contract crews will perform work on the wastewater collection system in the following areas:

- o Service lateral installation with intermittent road closures
 - o Cheowa Circle between Lake View Drive and Bluff Drive
- o Project punch-list items and restoration
 - o Throughout Phase 3 project area over the next several weeks

Sequoyah Hills Shortline Water Main Replacement Projects Updates – March 4, 2022:

Bluff Drive Water Main Replacement – KUB Underground Construction have completed installation of the new water main along Bluff Drive. Clean-up and roadway restoration work will take place over the next several weeks. This work is scheduled for completion as weather allows over the next several weeks.

Utility Pole Inspections – KUB contractor Davey Resource Group will be working in the Sequoyah Hills area over the next several weeks to inspect utility poles to see if they are in need of maintenance or replacement. In some cases, this will involve boring holes to inspect the inner core of the pole and/or digging a shallow trench as the base to inspect the condition of the pole below ground. Crews will cleanup the area after inspection. This work will not require electric service interruptions.
