

# MAJOR PROJECT UPDATE

This project is being completed as part of KUB's Century II infrastructure improvement and replacement programs.

**PROJECT TITLE:** Sequoyah Hills Utility Projects

**UPDATE ISSUE DATE:** April 22, 2022

**UPDATE:**

**Sequoyah Hills Phase 3 Wastewater Rehabilitation Status Update** – KUB contractors have completed all construction and restoration associated with the Sequoyah Hills Phase 3 Wastewater Rehabilitation Project. This phase of the project, which started in late winter 2021, included the following upgrades to the wastewater collection system in the north-east section of Sequoyah Hills:

- Installation of 10,700 linear feet of new 8-inch wastewater main via pipe-bursting and open cut construction
- Rehabilitation of 6,000 linear feet of 8-inch wastewater main via cured-in-place lining (CIPP)
- Total amount of rehabilitated wastewater pipe for Phase 3 is approximately 3 miles
- Reconnected approximately 135 customer service laterals to new/rehabilitated wastewater mains
- Replaced 50 wastewater manholes
- Rehabilitated 430 vertical feet of wastewater manholes

Previous phases included the following:

- Phase 1 (Five miles of wastewater pipes rehabilitated from fall 2021 – spring 2019)
- Phase 2 (Seven miles of wastewater pipes rehabilitated from March 2019 – March 2020)
- Phase 3 (Winter 2021 – April 2022)

This will be the final update for this project.
