

MAJOR PROJECT UPDATE

This project is being completed as part of KUB's Century II infrastructure improvement and replacement programs.

PROJECT TITLE: Sequoyah Hills Utility Projects

UPDATE ISSUE DATE: May 28, 2021

Please see corresponding maps for work zones referenced below.

UPDATE:

Phase 3 area traffic impacts for week of June 1-4:

KUB's contractor will not be working on the project Monday, May 31, in observance of Memorial Day. Construction activities will resume on Tuesday, June 1.

- Intermittent road closures (access for local residents will be maintained)
 - Kenesaw Avenue between Cherokee Boulevard and Westerwood Avenue
- Wastewater rehabilitation in off-road easements
 - Easement between Dellwood Drive and Glenfield Drive
 - Easement between Iskagna Drive and Talahi Drive
 - Easement between Bluff Drive and Cheowa Circle

See attached map showing active work zones for the week of June 1-4.

CCTV Inspections – Contractor crews will be performing closed-circuit TV (CCTV) inspections of wastewater pipes and manholes at various locations across the entire Phase 3 area for the duration of the project. Due to the location of some manholes in the roadway, this work will require temporary lane closures with flaggers present to maintain traffic flow. Crews will also need to access manholes and pipes located in off-road easements.

System Testing – Contractor crews will conduct testing on newly-installed wastewater mains and manholes throughout the Phase 3 work area for the duration of this project.

Restoration – Crews will work to restore roadways, sidewalks, curbs, and yards in recently excavated areas across the Phase 3 zone. Work in roadways will require short term lane/road closures.
