

# South Knox Natural Gas Gate Station and Main Relocation Project

## Project Information Sheet

### Project Scope

- KUB will relocate the natural gas gate station in the South Knox area from Simpson Road to 304 Tipton Station Road
- Project will include installation of approximately 5,000 feet of new natural gas main, valves, and related equipment between Tipton Station Road and Chapman Highway
- Gas main work to be completed ahead of TDOT roadway project on Chapman Highway scheduled to start in late 2018
- Final route to be determined later this summer after surveying

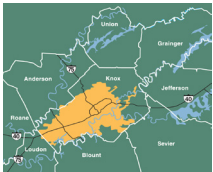

### Project Details

- Traffic: Temporary lane closures may be required in the immediate work area to facilitate safe access for workers, equipment, and vehicles
  - All lanes will reopen to traffic outside of the listed work hours
- General sequence of construction:
  - Contractor mobilization
  - Right-of-way vegetation clearing and site preparation
  - Excavation and pipe installation
  - Right-of-way restoration and stabilization

### KUB Project Contact

**Jason Meridieth**  
Customer Support  
Office: **558-2648**  
Cell: **809-8970**  
Weekdays,  
7 a.m.—4 p.m.

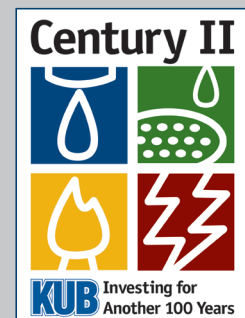

### After Hours/Weekends

Main KUB Phone Number:  
**524-2911**

Customer Support Hotline:  
**558-2331** (Leave recorded message. Responded to by end of next business day.)

### KUB Century II Program

Century II is KUB's long-range program to improve and maintain our utility systems for our customers. It will help move KUB into our second century of service through sound planning, resource allocation, and continued or accelerated investment. Century II reflects KUB's commitment to provide reliable utility services and meet customers needs—now and in the future. Anticipating and addressing needs now provides long-term benefits. Visit [www.kub.org](http://www.kub.org) for more details about the Century II program.
