

**Knoxville Utilities Board
Wastewater Technical Specifications
Summary of Revisions
March 2019**

Note: This is only a brief summary of changes associated with the KUB's recent revision/update of selected waste water focused technical specifications. Interested parties are encouraged to thoroughly review and become familiar with these revised specifications prior to bidding KUB contracts.

These revisions are current as of 3/1/19. These revisions supersede previous versions unless otherwise stated.

02532 – Sanitary Sewers

- Fiberglass Reinforced Pipe (FRP) now referenced as opposed to Centrifugally Cast Fiberglass Mortar Pipe (CCFMP)
- Now includes requirements to perform pre-cctv inspection of gravity sewers for the purpose of identifying sewer services.
- New detail drawings are now found in a common appendix with other wastewater details
- Added hydrostatic test for pipe sizes larger than 24". Ultrasonic test and infiltration test allowed if hydrostatic test not possible
