

Wastewater Capacity Review Application

[For Commercial, Industrial, and Multi-Unit Residential Projects]

Please complete this application to help Knoxville Utilities Board evaluate wastewater service availability for your project. The information provided in the chart on the back of this application will help KUB calculate the flow your project will generate.

Under state and federal requirements, KUB must review each request for new wastewater service. As part of each review, KUB will examine several factors, including system capacity, potential system constraints, and the anticipated new flow. If necessary, KUB will also advise you of any system improvements that may be required to make wastewater service available.

Completed applications can be submitted via email to nsvdesign@kub.org. Applications can also be submitted in person to KUB's New Service Department at 4505 Middlebrook Pike in Knoxville, TN or mailed to: KUB New Service Department, Mailstop CS26, P.O. Box 59017, Knoxville, TN 37950-9017.

Developer Information

[Note: Applicants must notify KUB of contact information changes]

Developer's Name: _____

Company: _____

Address: _____

Address: _____

Contact Number: _____ E-mail: _____

Engineering Consultant Information

Company Name: _____

Contact Person: _____

Address: _____

City, State, Zip: _____

Contact Number: _____ E-mail: _____

Property Description

Development name [if known]: _____

CLT#: _____ Location: _____

Applicant owns property? [yes/no] _____ Applicant has option on property? [yes/no] _____

Applicant Name: _____

Applicant Signature: _____ Date: _____

Flow Calculation Chart

Category	Check Type <input type="checkbox"/>	Type	Number [Units/etc.]	Please fill out this chart as completely as possible to help KUB calculate the flow that your development/project will generate.			
Residential		Single Family					
		Apartments					
		Condos					

Category	Check Type <input type="checkbox"/>	Type	Number [Rooms/etc.]	Square Feet	Kitchen Yes/No?	Restaurant Yes/No?	Laundry Yes/No?
Commercial		Hotel					
		Motel					
		Office Space					
		Shopping Center					
		Restaurant	Seats = _____ Meals/day = _____		N/A	N/A	N/A
		Laundry	Washers = _____		N/A	N/A	N/A
Institutional	Check Type <input type="checkbox"/>	Church	Attendees = _____				
		School	Students = _____				
Other							
Specify Type; fill out other columns as they apply							

Industrial Type: _____
 Because of the many factors involved in calculating flow for industrial customers, a KUB representative will contact you for more information about your project.

KUB OFFICE USE ONLY:

Estimated design flow rate in gpd = _____
