WATER RESIDENTIAL
RATE SCHEDULE

Availability

Service under this rate schedule shall be available only to residential customers served individually through a separate meter or through a KUB-approved multiple meter configuration designed as a single billing point.

Rates

The Water Service Charge shall be based on the customer's meter size and monthly water usage.

For meters greater than 5/8", the Customer Charges listed in the Water Nonresidential schedule shall be utilized. In the event more than one meter is utilized to determine billed consumption, multiple basic service charges may apply. Charges will apply without regard to ownership of the meter(s).

KUB may, at its sole discretion, bill water using the same rates converted to a rate per gallon for usage measured in gallons: 1 Ccf equals 748 gallons.

Inside City Rates are for water furnished to premises entirely within the corporate limits of the City of Knoxville. Outside City Rates are for water furnished to premises upon which any water faucet or other outlet is outside the corporate limits of the City of Knoxville.
