**KUB Natural Gas Work to Occur in  
West Hills/John Bynon Park June 4-8**

KUB crews will be performing natural gas maintenance work in West Hills/John Bynon Park at 400 N. Winston Road June 4-8. Work hours will be 7 a.m. – 3:30 p.m. daily.

This work will occur in a grassy area located near the park entrance and will not require the closure of any park facilities. Crews will block off the work zone, and KUB asks park patrons to please respect the signage and barricades in place. The presence of construction sounds, equipment, vehicles, and workers will also be visible as work is completed. Please refer to the attached map for work zone location.

KUB thanks City of Knoxville Parks and Recreation for their assistance with this project, and its customers for their cooperation. Customers with questions or concerns can call 558-2330 after normal business hours to leave a message that will be followed-up with a call from a KUB representative by the end of the next business day.

*KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, gas, water, and wastewater services to more than 457,000 customers.*
