To: Local Media Representatives

From: KUB Communications

Re: Traffic Advisory – Lane/Road Closure for Utility Work [All closures and work are weather permitting]

**(South Knoxville) Alcoa Highway Lane Closure [October 6]** – KUB and contract crews will close a short section of the curbside, northbound lane of Alcoa Highway, near the Navy Support Center, from 9 a.m. - noon, on Friday, October 6, as work is performed on the electric distribution system in the area. One northbound and both southbound lanes will remain open at this time. Flaggers and signs will be on site to assist with traffic control, and access to local businesses will be maintained.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at [www.kub.org](http://www.kub.org).

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

*KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 453,000 customers.*
