Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures and work are weather permitting]

(South Knoxville) Chapman Highway Lane Closures [March 18] – KUB crews will implement the below traffic control measures from 9 a.m. – 3 p.m., Wednesday, March 18, as work is performed on the water distribution system in the area:

- Northbound, curbside lane of Chapman Highway between Childress Street and Taliwa Court
- Southbound, curbside lane of Chapman Highway between Gwinfield Drive and Fronda Lane

All other lanes will remain open through the work zones, as will business access.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 464,000 customers.
