Re: Traffic Advisory – Lane/Road Closures for Utility Work [All closures are weather permitting]

(Downtown Knoxville) Clinch Avenue Road Closure [Daily, February 6-8] – KUB crews will intermittently close a one block section of Clinch Avenue between Market Street and S. Gay Street to through traffic **daily between 7 a.m. – 11 p.m. starting Monday, February 6, and lasting through Wednesday, February 8**, as work is performed on the underground electric system in the area. Curbside parking will also be closed on the north curbside of Clinch Avenue between Market Street and S. Gay Street, and along the east curbside of S. Gay Street between Union Avenue and Journal Place. Alternate routes for through traffic include Union Avenue and W Church Avenue.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures, including signage, channeling devices, and flaggers, will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, fiber, natural gas, water, and wastewater services to more than 473,000 customers.
