Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures and work are weather permitting]

(Downtown) Downtown Lane Closures [Overnight, August 15-16] – KUB crews will implement temporary lane closures in the below locations overnight, 8:30 p.m. – 5 a.m. overnight, August 15-16, to allow safe manhole access:

- Walnut Street at Summer Place
- Summer Place at Locust Street
- Locust Street at W. Summit Hill Drive

All these locations will be impacted at the same time. Traffic flow around the work zone will be maintained via flaggers, and follow-up advisories will be issued as necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 461,000 customers.
