Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures and work are weather permitting]

(Gibbs) E. Emory Road Immediate Closure [December 1 & 2] – KUB crews will implement a full road closure on a short section of E. Emory Road between Majors Road and Thompson School Road from 2 – 5 p.m. this afternoon as site prep work is performed for the immediate replacement of a large utility pole. E. Emory Road will return to normal traffic flow after 5 p.m. today. This same section of E. Emory Road will be closed again from 8:30 a.m. – 6 p.m. on Wednesday, December 2, as crews return to the area to replace the pole and reconnect overhead electric lines. Alternate routes include Thompson School Road, Wood Road, Coppock Road, and Majors Road (see attached map). Follow-up advisories will be issued as needed in association with this work.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 464,000 customers.
