Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures and work are weather permitting]

**(West Knoxville) Glade Hill Drive Lane Closure [January 3]** – KUB contract crews will implement a lane closure on a short section of Glade Hill Drive between Chatham Circle and Park Hill Circle from 9 a.m. – 5 p.m. on Wednesday, January 3, as work is performed on the wastewater collection system in the area. The southbound lane will be closed while the northbound lane remains open and is used to alternate traffic through the work zone. Appropriate signage and flaggers will be on site to assist with traffic control. Follow-up advisories will be issued as necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at [www.kub.org](http://www.kub.org).

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

*KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 458,000 customers.*
