From: KUB Communications

Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures and work are weather permitting]

(West Knoxville) Gleason Drive Lane Closure [November 10] – KUB crews will reduce a short section of Gleason Drive to one alternating lane of traffic between S. Gallaher View Road and Downtown West Boulevard from 7 a.m. – 4 p.m. on Saturday, November 10, as work is performed on the water distribution system in the area. The westbound lane will be closed while the eastbound lane remains open and is used to alternate traffic through the work zone. Access to area businesses and residential driveways will be maintained. Flaggers and signs will be on site to assist with traffic control.

(Sequoyah Hills) Sequoyah Hills Area Road Closures [November 12-16] – KUB contract crews will implement the below road closures as needed daily, Monday-Friday, from 7 a.m. – 5 p.m., November 12 - 16, as work continues on the wastewater collection system in the area:

- Hiawatha Drive between Noelton Drive and Towanda Trail
- Noelton Drive between Kingston Pike and Chippewa Circle
- Noelton Drive between Alta Vista Way and Chippewa Circle
- Chippewa Circle between Noelton Drive
- Dogwood Lane between Arrowhead Trail and Noelton Drive

Chickasaw Road between Cherokee Boulevard and Navaho Road will be closed continuously Monday, November 12, through Friday, November 16, due to extensive excavation. Access to area homes will be maintained, and flaggers and signs will be on site to assist with traffic control. Unless otherwise indicated, roadways will be re-opened outside of work hours. Follow-up advisories will be issued as necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 457,000 customers.
