

TRAFFIC ADVISORY

November 25, 2020

To: Local Media Representatives

From: KUB Communications

Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures and work are weather permitting]

(East Knox) Holston Drive Area [November 30 – December 4] KUB contract crews will implement the below traffic control measures as indicated between 7 a.m. – 7 p.m. daily, Monday, November 30, through Friday, December 4, as work continues on the wastewater collection system in the area:

- **Monday** – S. Chilhowee Drive closed between Holston Drive and Asheville Highway
- **Tuesday/Wednesday** – Mohawk Drive closed between Seminole Drive and Nokomis Drive and intermittent closures of Holston Drive between S. Chilhowee Drive and Asheville Highway
- **Wednesday/Thursday/Friday** – Intermittent closures of Skyline Drive between S. Chilhowee Drive and Wedgewood Road

Local traffic access will be maintained, and flaggers will be on site to assist with traffic control. Motorists should follow the onsite detours. Follow-up advisories will be issued as necessary.

(South Knox) W. Blount Avenue Road Closure [Weekdays, November 30-December 30] KUB contract crews will implement a road closure of W. Blount Avenue between Donaldson Street and Hawthorne Avenue weekdays from 7:30 a.m. – 6 p.m., starting Monday, November 30, through Wednesday, December 30, as work is performed on the wastewater collection system in the area. Augusta Avenue should be used as an alternate route for through traffic. No work will occur on holidays or weekends, and local traffic access including the local apartments, will be maintained. Follow-up advisories will be issued as necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 468,000 customers.
