

## TRAFFIC ADVISORY

November 11, 2020

To: Local Media Representatives

From: KUB Communications

Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures and work are weather permitting]

**(East Knox) Holston Drive Lane Closures [November 12]** KUB contract crews will implement lane closures of the areas indicated below to complete roadway repair work between 7 a.m. – 5 p.m., Thursday, November 12:

- 4600 block of Holston Drive
- Intersection of Holston Drive and Michael Street

The closed lane will vary, and all lanes will not be impacted at one time. Traffic flow will be maintained through the work zone.

**(Sequoyah Hills Area) Kingston Pike Lane Closure [Overnight, November 12-13]** – KUB crews will implement a lane closure of the curbside, westbound lane of Kingston Pike at between Forest Glen Drive and Oakhurst Drive overnight from 9 p.m., Thursday, November 12, through 5 a.m., Friday, November 13, as work is performed on the electric distribution system in the area. One westbound lane, the center turn lane, and both eastbound lanes will remain open. Follow-up advisories will be issued as necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at [www.kub.org](http://www.kub.org).

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

*KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 468,000 customers.*
