Re: Traffic Advisory – Lane/Road Closures for Utility Work [All closures are weather permitting]

**(Northwest Knox) I-275/I-640 Shoulder & Median Closures (Daily, December 2022 – March 2023)** – KUB contractor crews will implement temporary roadway shoulder closures in the vicinity of the northbound on-ramp from I-640 and the northbound lane of I-275 as work is performed on the wastewater collection system located in the off-road grass median areas (see attached map). Crews will be present in the area daily from 7 a.m. – 6 p.m. starting Monday, December 12, 2022, and lasting through early March 2023. This work will not impact interstate traffic flow.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at [www.kub.org](http://www.kub.org).

See map on Page 2.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.
