Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures and work are weather permitting]

(Downtown) Intersection Closure – Hall of Fame Drive, Howard Baker Jr. Avenue, E. Church Avenue [Immediately, September 9] – KUB crews have closed the intersection of Hall of Fame Drive, Howard Baker Jr. Avenue, and E. Church Avenue to traffic for water system repairs. The following streets will remain closed throughout the day as repairs continue:

- E. Church Avenue between State Street and Howard Baker Jr. Avenue
- Hall of Fame Drive between the James White Parkway on ramp and Historic Preservation Drive
- Howard Baker Jr. Avenue between Hall of Fame Drive and the Coliseum Parking Garages

Alternate routes include E. Summit Hill Drive, E. Hill Avenue, Historic Preservation Drive, and S. Gay Street. Follow-up advisories will be issued as necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 461,000 customers.
