## TRAFFIC ADVISORY

December 16, 2022

To: Local Media Representatives

From: KUB Communications & External Relations

Re: Traffic Advisory – Lane/Road Closures for Utility Work [All closures are weather permitting]

**Kingston Pike Lane Closure (December 19)** – KUB crews will close the westbound curbside lane of traffic on a short section of Kingston Pike between Anteelah Trail and Towanda Trail from 9 a.m. – 3 p.m. on Tuesday, December 19, as work is performed on the water distribution system in this area. The inside westbound lane and both eastbound lanes will remain open. Flaggers will be present to assist with maintaining traffic flow. Access to driveways and connecting side streets will be maintained. Appropriate signage will be placed on site to assist with traffic control. Follow-up advisories will be issued as necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at [www.kub.org](http://www.kub.org).

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

###

*KUB is a municipal utility serving Knox and parts of seven adjacent counties with safe and reliable electric, fiber, natural gas, water, and wastewater services to more than 478,000 customers.*
