Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures and work are weather permitting]

**(West Knox) Kingston Pike Lane Closure [May 14]** – KUB crews will close a short section of the curbside, westbound lane of Kingston Pike in the Downtown West Boulevard intersection from 4-6 a.m., Friday, May 14, as work is performed on the water distribution system in the area. All other lanes, along with traffic through the intersection, will be maintained. Flaggers will be on site to assist with traffic control.

**(Holston Hills Area) S. Chilhowee Drive Lane Closure [May 14]** – KUB contract crews will reduce S. Chilhowee Drive to one alternating lane of traffic between Sunset Road and Holston Drive from 7:30 a.m. – 5 p.m. on Friday, May 14, as work is performed on the wastewater collection system in the area. One lane will be closed while the other lane remains open to alternate traffic through the work zone. Follow-up advisories will be issued as necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at [www.kub.org](http://www.kub.org).

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

*KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 468,000 customers.*
