Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures and work are weather permitting]

(West Knoxville) Kingston Pike Rolling Lane Closure [Daily, April 27 – May 2] – KUB contract crews will implement a lane closure of the curbside, eastbound lane of Kingston Pike between N. Peters Road and Downtown West Boulevard daily from 9 a.m. – 3 p.m., starting Monday, April 27, through Saturday, May 2, as work is performed on the electric distribution system in the area. The entire work zone will not be impacted at one time, and instead will move as work progresses. All other lanes will remain open, as will access to area businesses.

Sequoyah Hills Area Traffic Impacts [April 27 – May 1] – KUB contract crews will implement the below indicated traffic control measures during work hours, 7 a.m.- 5 p.m., Monday-Friday, April 27 – May 1, as work continues on the wastewater collection system project in the area:

Intermittent road closures as needed during work hours:

- Sequoyah Avenue between Southgate Road and Agawela Avenue

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 464,000 customers.
