Re: Traffic Advisory – Lane/Road Closures for Utility Work [All closures are weather permitting]

(West Knoxville) IMMEDIATE ROAD CLOSURE – Lyons Bend Road – KUB and Knox County crews have closed Lyons Bend Road to through traffic between Glen Cove Drive and Wheaton Place for water main and roadway repairs. This road closure is expected to remain in effect through 8 p.m. this evening. Glen Cove Drive and Wheaton Place are accessible. Alternate routes include Duncan Road and Schriver Road. Follow-up advisories will be issued as needed.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 473,000 customers.
