Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures and work are weather permitting]

(Vestal) Maryville Pike Road Closure [July 29] – KUB crews will implement a road closure of Maryville Pike between Mayfield Avenue and Candora Avenue from 9 a.m. – 2 p.m., Wednesday, July 29, as work is performed on the wastewater collection system in the area. Alternate routes will include W. Blount Avenue, W. Martin Mill Pike, Ogle Avenue, Mayfield Avenue, and Candora Avenue. Flaggers will be on site to assist with traffic control. Access to area business' will be maintained. Thursday, July 30, will be used as a rain date if necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 464,000 customers.
