Re: Traffic Advisory – Lane/Road Closures for Utility Work [All closures are weather permitting]

(South Knox) Mayfield Avenue Road Closure (April 12, 2023) – KUB crews will temporarily close the section of Mayfield Avenue between Chappell Road and Immanuel Street SW to through traffic from 2 – 6 p.m. on Wednesday, April 12, as work is performed on the electric system in the area. Alternate routes include W. Blount Avenue, Martin Mill Pike, and Ogle Avenue. Appropriate traffic control measures will be present to assist with maintaining local traffic flow.

Some closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, fiber, natural gas, water, and wastewater services to more than 478,000 customers.
