Re: Traffic Advisory – Road Closures for Utility Work [All closures are weather permitting]

(South Knox) Montlake Drive Road Closure (August 10, 2022) – KUB crews will close Montlake Drive to through traffic between Timberlake Drive and Maloney Road from 8 a.m. – 4 p.m. on Wednesday, August 10, as work is performed on the water distribution system in the area. Alternate routes include Lakemoor View Road and Maloney Road. Access to driveways and connecting side streets will be maintained. Flaggers will be present to assist with maintaining local traffic flow. Additionally, road closures will remain in effect along Timberlake Drive during daytime work hours through October 2022 as part of an ongoing water system improvement project.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 473,000 customers.
