

TRAFFIC ADVISORY

November 2, 2018

To: Local Media Representatives

From: KUB Communications

Re: Traffic Advisories – Lane/Road Closures for Utility Work [All closures and work are weather permitting]

(West Knoxville) Ball Camp Pike Road Closure [November 3 – 4] – KUB crews will close a short section of Ball Camp Pike between Hazelwood Road and Kingsmore Drive daily from 6 a.m. – 6 p.m., on Saturday, November 3, and Sunday, November 4, as work is performed on the water distribution system in the area. Alternate routes include Western Avenue, Copper Kettle Street, and Hazelwood Drive. Access to Kingsmore Drive will be maintained. Flaggers and signs will be on site to assist with traffic control. Follow-up advisories will be issued as necessary.

(Lakeshore Park Area) Westland Drive Lane Closure [November 5] – KUB crews will close a short section of westbound Westland Drive between Sherwood Drive and Kingsford Way from 9 a.m. – 12 p.m., on Monday, November 5, as work is performed on the electric distribution system in the area. The eastbound lane will remain open and will be used to alternate traffic through the work zone. Appropriate signage and flaggers will be on site to assist with traffic control. Follow-up advisories will be issued as necessary.

(Sequoyah Hills) Sequoyah Hills Area Road Closures [November 5-9, 5-16] – KUB contract crews will implement the below road closures as needed daily, Monday-Friday, from 7 a.m. – 5 p.m., November 5 - 9, as work continues on the wastewater collection system in the area:

- Hiawatha Drive between Noelton Drive and Towanda Trail
- Noelton Drive between Kingston Pike and Chippewa Circle
- Noelton Drive between Alta Vista Way and Chippewa Circle
- Chippewa Circle between Noelton Drive
- Dogwood Lane between Arrowhead Trail and Noelton Drive

Additionally, Chickasaw Road between Cherokee Boulevard and Navaho Road will be closed continuously Monday, November 5, through Friday, November 16, due to extensive excavation. Access to area homes will be maintained, and flaggers and signs will be on site to assist with traffic control. Unless otherwise indicated, roadways will be re-opened outside of work hours. Follow-up advisories will be issued as necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 457,000 customers.
