Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures and work are weather permitting]

(North Knoxville) N. Central Street Lane Closures [February 20-22] – KUB contract crews will implement lane closures of a short section of N. Central Street between E. Morelia Avenue and Atlantic Avenue daily, from 9 a.m. – 3 p.m., starting Wednesday, February 20, through Friday, February 22, as work is performed on the wastewater collection system in the area. Flaggers and signs will be on site to assist with traffic control. Access to local businesses will be maintained, as will traffic in both directions. Follow-up advisories will be issued as necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 459,000 customers.
