Re: Traffic Advisory – Lane/Road Closures for Utility Work [All closures are weather permitting]

(North Knox) N Broadway Lane Closures (Daily, January 9-27, 2023) – KUB contractor crews will implement temporary lane closures along the section of N Broadway between McCroskey Avenue and Kenyon Street daily from 9 a.m. – 6 p.m. starting on Monday, January 9, and lasting through, Friday, January 27, as work is performed on the wastewater collection system in the area:

The inside southbound and center turn lanes will be closed on this section of N Broadway. The southbound curbside lane of N Broadway, the southbound Hall of Fame Drive access ramp, and both northbound lanes of N Broadway will remain open. Channeling devices will be present to assist with maintaining local traffic flow. Appropriate signage will be placed around the construction zone to assist with traffic control. All lanes will reopen to normal traffic flow outside of work hours.

Some closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, fiber, natural gas, water, and wastewater services to more than 478,000 customers.
