Re: Traffic Advisory – Lane/Road Closure for Utility Work [All closures and work are weather permitting]

(Downtown Knoxville) Neyland Drive Lane Closures [November 17-18] – KUB crews will close both eastbound lanes on a short section of Neyland Drive between Joan Cronan Way and Jacob Drive from 10 p.m., Thursday, November 17, through 6 a.m., Friday, November 18, as repairs are made to water distribution system in the area. Both eastbound lanes will be closed while both westbound lanes remain open. One westbound lane will be used for eastbound traffic. Flaggers and appropriate signage will be placed on site, and motorists should use caution in the area. Follow-up advisories will be issued as necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 445,000 customers.
