Re: Traffic Advisory – Lane/Road Closures for Utility Work [All closures are weather permitting]

(Marble City Area) Road Closure – Painter Avenue [Extended through May 3] – KUB contract crews will maintain the road closure on Painter Avenue at Concord Street, between Safety City Road and Sullins Street, through Friday, May 3, as work is performed on the wastewater collection system in the area. Due to extensive excavation, the Painter Avenue intersection at Concord Street will remain closed for the duration of this work. There will be intermittent lane shifts as needed by work crews on Concord Street only during daytime work hours. Alternate routes include Jersey Avenue, Sullins Street, and Safety City Road. Local traffic access will be maintained. Appropriate signage, flaggers, and barricades will be on site to assist with traffic control. Follow-up advisories will be issued as necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 459,000 customers.
