Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures and work are weather permitting]

(East Knox) South Chilhowee Drive Road Closure [February 10-12] – KUB contract crews will temporarily close the section of South Chilhowee Drive between Asheville Highway and Holston Drive daily from 7 a.m. – 7 p.m., Wednesday, February 10, through Friday, February 12, as work is performed on wastewater collection system in the area. Local traffic access will be maintained, and flaggers will be on site to assist with traffic control. This section of South Chilhowee Drive will reopen to normal traffic flow outside of work hours.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 468,000 customers.
