Re: Traffic Advisory – Lane/Road Closures for Utility Work [All closures are weather permitting]

(Downtown Knoxville) S. Gay Street Parking Sidewalk & Parking Closure

[Overnight, September 15-16] – KUB crews will close the northbound curbside parking lane and adjacent east sidewalk on a one block section of S. Gay Street between Wall Avenue and Union Avenue overnight from 9 p.m., Thursday, September 15, through 5 a.m., Friday, September 16, as work is performed on the underground electric system in the area. Both the north- and southbound vehicle traffic lanes will remain open on this section of S. Gay Street.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 473,000 customers.
