Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures are weather permitting]

Sequoyah Hills Area Traffic Impacts [December 10-13] – KUB contract crews will implement the below indicated traffic control measures during work hours, 7 a.m.- 5 p.m., Tuesday-Friday, December 10-13, as work continues on the wastewater collection system project in the area:

- Intermittent road closures as needed during work hours:
 - Whitlow Avenue between Bluff View Road and Cedarhill Road
 - South Garden Road between Navaho Road and Cherokee Boulevard
 - Woodside Street between Woodland Drive and Iskagna Drive
 - Taliluna Avenue between Lakeland Drive and South Garden Road(South Garden and Taliluna will not be closed at the same time)

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 464,000 customers.
