To: Local Media Representatives

From: KUB Communications and External Relations

Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures and work are weather permitting]

(Sequoyah Hills) Traffic Impacts [June 1-4] – KUB contract crews will implement the below traffic control measures as indicated daily 7 a.m. – 7 p.m., Tuesday, June 1, through Friday, June 4, as work continues on the wastewater collection system in the area:

- Intermittent daily road closures of Kenesaw Avenue between Cherokee Boulevard and Westerwood Avenue.

Residential access will be maintained, and through traffic should follow the onsite detours. Follow-up advisories will be issued as necessary.

(Fountain City) Old Broadway Road Closure [June 1-15] – KUB contract crews will close Old Broadway to through traffic between N. Broadway and Tazewell Pike continuously starting Tuesday, June 1, through Tuesday, June 15, as part of a wastewater collection system project in the area. Access to businesses and driveway will be maintained.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee’s Move Over Law requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 468,000 customers.
