Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures and work are weather permitting]

(North Knoxville) Tazewell Pike Lane Closure [December 17] – KUB crews and contract crews will reduce a short section of Tazewell Pike between Beverly Road and Villa Road to one alternating lane of traffic from 9 a.m. – 3 p.m., Tuesday, December 17, as work is performed on the electric distribution system in the area. The southbound lane will be closed while the northbound lane remains open to alternate traffic through the work zone. Local traffic access will be maintained. Wednesday, December 18, will be used as a rain date if necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 464,000 customers.
