Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures and work are weather permitting]

(East Knoxville) Tulane Drive Road Closure [Extended, September 14-18] – KUB contract crews will close Tulane Drive between Holston Drive and Asheville Highway to through traffic continuously from 7:30 a.m., Monday, September 14, through Friday, September 18, as work is performed on the wastewater collection system in the area. Traffic access for area residents will be maintained, and the roadway will reopen over the weekend. Through traffic should follow S. Chilhowee Drive. Follow-up advisories will be issued as necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 464,000 customers.
