Re: Traffic Advisory – Lane/Road Closures for Utility Work [All closures and work are weather permitting]

(Vestal) W. Moody Avenue Road Closure [June 11] – KUB crews will close a short section of W. Moody Avenue between Kennedy Lane and Churchland Street from 8 a.m. – 4 p.m. on Thursday, June 11, as work is performed on a fire hydrant in the area. Alternate routes include Churchland Street, Barrar Avenue, Martin Mill Pike, Keeble Avenue, and Kennedy Lane. Follow-up advisories will be issued as necessary.

(South Knoxville) Chapman Highway Lane Closure [Overnight, June 11-12] – KUB crews will implement closures of both the northbound and southbound curbside lanes of Chapman Highway between Colonial Drive and Eastwood Drive overnight from 9 p.m., Thursday, June 11, through 6 a.m., Friday, June 12, as work is performed on the water distribution system in the area. One northbound and one southbound lane will remain open, as will access to area businesses. Follow-up advisories will be issued as necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 464,000 customers.
