

## TRAFFIC ADVISORY

September 6, 2017

To: Local Media Representatives

From: KUB Communications

Re: Traffic Advisory – Lane/Road Closure Utility Work [All closures and work are weather permitting]

**(West Knoxville) Western Avenue Lane Closures [Extended September 7]** – KUB crews will maintain a closer all westbound lanes on a short section of Western Avenue between Clifton Street and Sanderson Road through noon, Thursday, September 7, as work is performed on the wastewater collection system in the area. The center turn lane will be used for westbound traffic, and all eastbound lanes will remain open. Appropriate signage and flaggers will be on site to assist with traffic control.

**(North Knoxville) N. Broadway Lane Closures [Overnight, September 7-8]** – KUB crews will close a short section of the northbound, curbside lane of N. Broadway between Gibbs Drive and Essary Drive overnight, starting at 9 p.m., Thursday, September 7, through 6 a.m., Friday, September 8, as work is performed on the electric distribution system in the area. One northbound lane, the center turn lane, and both southbound lanes will remain open during this time. Turn access to Essary Drive, as well as access to area business, will be maintained.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at [www.kub.org](http://www.kub.org).

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

*KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 453,000 customers.*
