KUB to Host Public Meeting for Lovell Road Natural Gas Main Relocation Project

KUB will host a public meeting **Thursday, May 18**, starting at **6 p.m. at Providence Church/Worship Center, 1432 Lovell Road**, to discuss an upcoming natural gas relocation project in the Lovell Road area, between Cedardale Lane and Middlebrook Pike.

KUB is currently evaluating possible natural gas main relocation routes ahead of a TDOT/Knox County roadway widening project on Lovell Road.

The public meeting will start with a brief presentation outlining the scope of the project and the construction process. Following the presentation, KUB representatives will be available to talk with customers one-on-one regarding their specific questions.

Surveying and design work is scheduled to begin later in May. Construction is scheduled to start in spring 2018, with completion scheduled for winter 2019.

Additional information about the Lovell Road Natural Gas Main Relocation Project is available at www.kub.org. Updates on this project will also be posted on a major construction projects blog site at <http://kubmajorprojects.blogspot.com/>, and on KUB's Facebook and Twitter social media accounts. Customers can call 558-2331 at any time for information on this project. If the call is made after normal business hours, customers can leave a recorded message that will be responded to by the next business day.

All media inquiries for additional information should be directed to (865) 594-7988. This line is for media purposes only, and should not be released to the public.

KUB, a municipal utility serving Knox and parts of seven adjacent counties, provides reliable electric, gas, water, and wastewater services to more than 453,000 customers.

Map attached.
